- FOAMULAR® & FOAMULAR® NGX™ INSUL-DRAIN®

FIBERGLAS™ Air Handling Products

- QuietR® Duct Board
- SOFTR® Duct Wrap

Basement Finishing System™

- Exterior Wall Insulation Panels

Footnotes relevant to product list.

Insulation products may not reach minimum R-value alone but can reach the desired R-value when used in conjunction with other products as a system.

In some areas, building code may require that additional insulation be added above the Attic Stair Insulator Kit to achieve an R-value equal to the surrounding ceiling. To avoid insulation material from spilling into the living space and enable placement of insulation as you exit, unfaced blanket fiberglass should be used. Wood framing may be necessary around the Attic Stair Insulator Kit to support any additional unfaced blanket fiberglass added above it.

All products must be properly installed and meet the prescriptive requirements of the 2021 International Energy Conservation Code (IECC).

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.

MANUFACTURER'S CERTIFICATION STATEMENT

Non-Business Energy Property Tax Credit

Certified Products through December 31, 2025

Homeowner's Records

The following product has been installed in the home below, which is the primary residence of the following taxpayer:

Taxpayer Name: _____

Social Security Number: _____

Primary Residence: _____

Product: _____

Price Paid for Product: \$ _____

Date of Purchase: _____

Date of Installation at Primary Residence: _____

Installations in tax year 2023 through 2025 qualify.

Homeowners can claim a tax credit of 30% up to \$1,200 of the purchase price of qualifying products. Installation (labor) costs are not included. Can apply for the tax credit every year through tax year 2025. All Owens Corning® products listed on page 1 of this certificate qualify for up to \$1,200. Circumstances vary widely, so homeowners should consult with their tax adviser for further guidance. Visit www.energystar.gov/about/federal_tax_credits/non_business_energy_property_tax_credits for more information.
